

CONTENTS	PAGES
Mechanical Properties of Palm Kernel Shell Concrete in Comparison With Periwinkle Shell Concrete <i>Uchechi G. Eziefula, Hyginus E. Opara & Collins U. Anya</i>	1-14
Laboratory Investigation of The Use of Crushed Oyster Shell and Crushed Palm-Kernel Shell in Bituminous Mix Design <i>Olugbenga Joseph Oyedepo</i>	15-27
Concrete in Chloride Environment: Comparison of Rapid Electrochemical Test Methods <i>Syed Jamal Uddin Ahmed & Tanmoy Das</i>	28-41
Critical Factors Affecting Quality in Public Construction Projects in Borno State <i>Gaji Abubakar Usman & Rosli Bin Mohamad Zin</i>	42-58
Characteristics of Vehicle Headway During Rainfall at Night in Pontian, Johor <i>Sitti Asmah Hassan, Teoh Hao Xuan & Nordiana Mashros</i>	59-74
Macroscopic Modeling of the Impacts of the Standard Gauge Railway Line on the Performance of the Northern Road Transport Corridor <i>Ochieng Meshack, Oyuko Mbeche & Gichaga Francis</i>	75-93
TECHNICAL NOTE Level of Awareness on Lean Thinking Concept in Construction Among Higher Learning Students in Malaysia <i>Sanaz Tabatabaee, Amir Mahdiyar, Khairulzan Yahya, Abdul Kadir Marsono & Aidin Nobahar Sadeghifam</i>	94-107
TECHNICAL NOTE Pavement Design for Thin Bituminous Layer and Greenhouse Gas Benefit <i>Swapan Kumar Bagui, Atasi Das, Tanmoy Das & Anukul Saxena</i>	108-119
