PROTON TALK

Head of Advanced Engineering, Ir. Azmi bin Othman

September 12 – Ir. Azmi Bin Othman the head of Advanced Engineering of Proton Sdn. Bhd. came to UTM and gave a speech about Proton. The program was held at Lecture Hall 8, N24. The program brought together students from 3 different schools and also 4 students from UTHM with diverse academic backgrounds to join and be part of Proton Talk. A total of 195 students attended the program.

During the talk, Ir. Azmi shared his experience with Proton on how to be an engineer in the Automotive Industry. He also shared few essential skills that are required to be an engineer.

Soon after the talk, there was a Q&A session with Ir. Azmi, and from the session the students gained a lot of knowledge about being an engineering in the Automotive Industry. With this, students also get the opportunities to join with them after graduation.

Ir. Azmi bin Othman giving a talk on Proton Talk

Faculty of Engineering will continue to have this kind of program in the future for the students.

Prof. Dato’ Ir. Dr. Mohammed Rafiq bin Abdul Kadir the Dean of Faculty of Engineering presented a souvenir to Ir. Azmi bin Othman for sharing his experience and knowledge with the students of the Faculty of Engineering.
