

School of Computing : Webinar Series Initiatives

In March 2020, Malaysian government has imposed a Movement Control Order (MCO) that affected most sectors including education sectors in Malaysia. School of Computing took advantage of the restriction order to organize several online webinars series.

In the first webinars series, the Chair of School of Computing, Associate Professor Ts. Dr. Wan Mohd Nasir bin Wan Kadir became one of the panelists. The other two panelists were student representatives who are Muhammad Amirul Ismail, the Head of Well-Being and Sustainable Development, Students Representative Council (SRC) UTM and Abba Kiyari Buba the President of International Student Society. The Student Development Manager, Dr. Suhaila Muhammad Yusuf was the moderator of the first webinar series titled “Stay Motivated, Stay Productive during COVID-19 Pandemic”.

The first webinar series conducted by SC

In the second webinar series, two students from Bioinformatics Program and Data Engineering Program became the panelists. While the other two panelists are staff from School of Computing. Faaq Fajari Fazuan, a member of SRC UTM, was the moderator of the webinar series titled “Get the Most from Your F.Y.P. and Internship during Covid-19 Pandemic”.
