August 13, 2020, 11 a.m. UTM Engineering Student Virtual Hangout Zone: Graduate Employability was live on Facebook Faculty of Engineering UTM Johor Bahru.

**August 13** – Nuclear Engineering Student Society (NESS), a student society under School of Chemical and Energy Engineering (SKT), had the opportunity to host a webinar titled “Graduate Employability” under the “UTM Engineering Student Virtual Hangout Zone”, Faculty of Engineering, Universiti Teknologi Malaysia. Dato’ Dr. Mohamed Razali bin Dato’ Mohamed Yusoff the Chairman of the Board and the Chief Executive Officer of Nusantara Technologies Sdn. Bhd. was the speaker. The session was moderated by Fadhila binti Jamaluddin, the Head of Department (Strategic Partnership) of NESS.

Responses from the enthusiastic crowd was evident as the question-and-answer session ran for more than the allocated time. Most of the questions received from the staffs and students were related to technical questions. Dato’ Dr. Mohamed Razali ended the talk with a promise for more collaboration especially related to graduate employability and he hopes to still be in touch with the UTM community.

# UTM Engineering Student Virtual Hangout Zone: Bicara Merdeka Mahasiswa

**August 27** – Three Faculty of Engineering students from different schools gave their thoughts on Patriotism and Merdeka spirit in a **UTM Engineering Student Virtual Hangout Zone** webinar series titled “*Bicara Merdeka Mahasiswa*”. The lively session was moderated by the Deputy Registrar from Faculty of Engineering, Mr. Azri bin Hohad.

The moderator and speakers of webinar series UTM Engineering Student Virtual Hangout Zone: *Bicara Merdeka Mahasiswa*

In conjunction with the month of Merdeka, the speakers put an effort to ignite the Merdeka spirit among the staff and students of UTM. The first speaker, Tan Yi Wei from School of Chemical and Energy Engineering presented about patriotism and explained how students can promote the spirit of patriotism, especially among the younger generation. The second speaker, Fadlin Amira from School of Biomedical Engineering and Health Sciences discussed about how Malaysian society can show the spirit of patriotism in themselves. She highlighted that Malaysians expressed their spirit of patriotism within them through arts and music. The last speaker, Sri Amara Darshan A/L Subramaniam from School of Electrical Engineering discussed a topic on achievements of UTM students at the national and international levels. He highlighted that the spirit of patriotism among students is very important because it plays important role in shaping the future generations.

The talk ended at 12.00 noon with all the speakers answering the questions from the moderator.

# Innovate Malaysia Design Competition (IMDC2020) Winners

Congratulations to students of School of Electrical Engineering and School of Biomedical Engineering and Health Sciences who had competed in **Innovate Malaysia Design Competition 2020 (IMDC2020)** and won cash prizes and some other great rewards.

Special Awards: IEEE Social Innovation Award.

Technology Tracks Winners, placed 2<sup>nd</sup> and 3<sup>rd</sup>

Technology Tracks: Sony Design Challenge winners

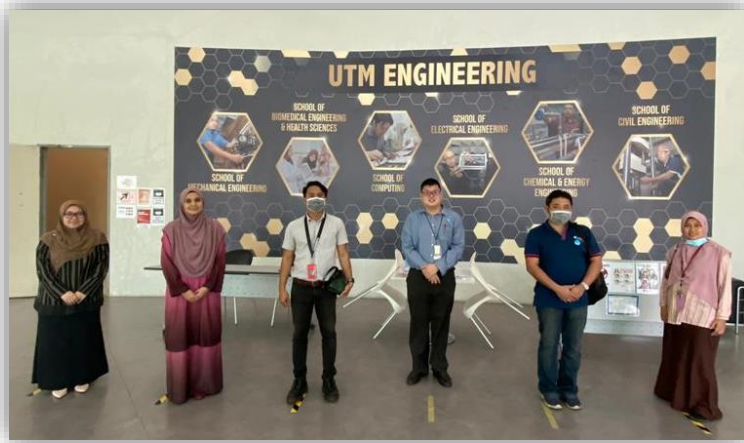

Technology Tracks: SilTerra/CEDEC/Intel Track

These UTM students enter the competition **under Technology Tracks: SilTerra/CEDEC/Intel Track** and won **first, second** and **third** places. The students won many amazing prizes. The first place winner brought home RM5000.00 in cash and MPW fabrication voucher as well as Intel NUC10i5FNH Core i5. The second prize winner received RM3000.00 in cash and MPW fabrication voucher as well as a Microsoft Surface Go 2, while the third place winner secured RM1000.00 in cash and MPW fabrication voucher as well as a Lenovo IDEAPAD 3. Congratulations to all winners!

# Unisteel Technology (M) Sdn Bhd: Open Day Interview for UTM Fresh Graduates

**From Left: Mrs. Enna Fasihah, Assoc. Prof. Dr. Roshanida, Mr. Mohammad Faiz, Mr. Tiong Chow Hua, Mr. Lim Gim Leong and Dr. Nor Akmal after the meeting held at Faculty of Engineering, Universiti Teknologi Malaysia.**

**August 19** – Human Resource (HR) team and administrative officers of Unisteel Technology (M) Sdn. Bhd. Visited the Faculty of Engineering, Universiti Teknologi Malaysia (UTM) for a discussion about employing UTM fresh graduates. The HR team were looking for students with Mechanical Engineering background to fill their management engineers and technical engineers vacancies. Unisteel are planning to have an Open Day in mid September 2020 to give students a tour of their premises and to interview interested candidates for the posts.
