UTM Engineering Student Virtual Hangout Zone: Webinar Series

January 5 – UTM Engineering Student Virtual Hangout Zone for **Engineering Practice Experience Sharing** was streamed live on the Facebook page of Faculty of Engineering, UTM. This is the first webinar for Faculty of Engineering in 2021. **Ir. Ts. Dr. Zaki Yamani bin Zakaria** was the speaker for this session, and it was moderated by **Shams Shazid Kader** a 4th year student from School of Chemical and Energy Engineering. Dr. Zaki Yamani shared with the viewers about his early education and working experiences as an engineer to all of the future engineers that attended the session.

RANHILL BOOK PRIZE AWARD (RBPA) : Award Virtual Ceremony

January 9 - Ranhill Utilities Berhad and Universiti Teknologi Malaysia (UTM) have collaborated again in the **Ranhill Book Prize Award (RBPA) Programme**. The company had cordially invited UTM to a virtual ceremony to celebrate the success of the award recipients. The RBPA programme was broadcasted live on the Facebook page of Faculty of Engineering, UTM.

The Ranhill Book Prize Award recipients are **Hamra Mohd Ismail, Dalilah Daud, Nur Yasmin Mohamad Khair, Muhammad Suhail Azmin Saipollizam**, are all second-year students from **School of Mechanical Engineering** and **Soong Shen Long**, a second-year student from **School of Chemical and Energy Engineering**. Congratulations to all recipients and their family and the professors that contributed to their achievements.

Thank you Ranhill Utilities Berhad for entrusting and selecting UTM as one of the universities to receive this wonderful scholarship award. Congratulations to the recipients!

IEEE Innovation Nation Malaysia Competition

Congratulations to **Team Mecha-Hacker** from Universiti Teknologi Malaysia for coming up as **second runner-up in IEEE Innovation Nation Malaysia Techno-preneurship Bootcamp 2020**, bringing home USD800 project funding.

This team members are **Tan Jun Jie, Sheref Khaled Abouelmagd, Khor Chee Yong** and **ChongKar Lok** and they were under the supervision of **Assoc. Prof. Ir. Dr. Mohd Ridzuan bin Ahmad**. Their team project, Ai.care is a Health Screening & Access Monitoring System that automates and accelerates the screening process and acquiring the customer records.

IEEE Innovation Nation Malaysia is Techno-preneurship Bootcamp is a competition that aims to provide a platform for techno-entrepreneurs to learn and equip themselves with advanced technical knowledge and skills in business pitching. The objective of this event organization is to motivate more Malaysia entrepreneurs to be driven by technology invention and creation to tackle local issues with technological solutions as well as to prepare them with adequate knowledge on the startup ecosystem.

Congratulations again to the team for the recognition received from the IEEE Innovation Nation Malaysia Techno-preneurship Bootcamp 2020 and best wishes for their next adventure!
